"The $64,000 Question"
The elusive 1964-D Peace Dollar

30 trial strikes, and 316,076 business strikes were struck at the Denver Mint in 1965, however the coins were dated 1964-D. An authorize to freeze issued by Congress caused the entire minted of 1964-D to be held back from circulation. When it becomes legal to own a 1964-D Peace Dollar, we will surely see a examples hit the auction block. It's believed it be the most valuable US coin.
